The Boot ginger smith
Jake Jensen wanted to be a firefighter for as long as he could remember. He often stood on the side of the road and watched the parade of red that rushed past him to get to a fire, leaving his heart racing as the wash of air from the trucks blew across his face. Now, his youthful dreams were going to be realized; no longer would he stand at the side of the road watching, he would be one of them. He would be on the front lines of battle and a charged hose his weapon. His journey would be hard. There were some who would wish failure on him, because of his heritage; others because of his natural abilities. Jake not only has to survive the department, he has to survive among his peers.
