I am not a professional chef. I don't have a cooking show on TV and I don't claim to know everything under the sun about baking bread. I am simply a 40-something year old woman who learned to cook from scratch as a child and have done so regularly throughout life.

I love to cook and the bread recipes in this book are those that I use regularly. When I come across a new recipe that looks good I often follow that recipe closely the first time, and then adjust it to my needs and preferences until I have just what I'm looking for.

In this book you'll find my base recipes as I have adjusted them. I go beyond those basic instructions and include a variety of tips and tricks that will help you to make your own adjustments if desired.

Buy this inexpensive booklet now and start enjoying your own home baked goods today!
