Ad Man In the Games Of 2046 Jeffrey Zygmont
Gab Darby reigns as a sports superstar in the Disneyfied America that exists three decades from today. But when a desperate president accuses him of treason, Darby must flee to a jungle country called Bortinca – which just happens to be at war with America.

As Darby fights against his former homeland, his honor and nobility are tested. Are they personal traits, or were they just titles attached to a celebrity in the United States?

Ad Man in the Games of 2046 shows how, within a degenerate world, one person's basic humanity triumphs over tyrants who would enslave him.
