WHY IS THE PERSONAL STATEMENT SO IMPORTANT?
- The personal statement does not depend on grades and test scores or what others think about you. It depends solely on you. It is your opportunity to promote yourself.
- Admission committees place a strong emphasis on the personal statement
- It is also the one part of your application you have complete control over
- Your letter writers will often ask you for a copy of your personal statement to help them write your letter of recommendation
- The problem is that many students underestimate the importance of the personal statement, and underestimate how much time and effort it takes to write and develop a personal statement.
