Kivalina: A Climate Change Story Christine Shearer
This book looks at the struggle of Kivalina, a small Alaska Native village that filed a legal claim against some of the world's largest fossil fuel companies for damaging their homeland and creating a false debate around climate change. Academic and journalist Christine Shearer explores the history leading up to the lawsuit, and its relationship to past misinformation campaigns involving lead, asbestos, and tobacco. The book also considers the interconnections between fossil fuels, the global political-economy, and disaster management. Kivalina's struggle for safe relocation, the book argues, is part of our common struggle to acknowledge and address climate change before it is too late.
