Jeremy Black

The English Press in the Eighteenth Century (Routledge Revivals) Jeremy Black

First published in 1987, this is a comprehensive analysis of the rise of the British Press in the eighteenth century, as a component of the understanding of eighteenth century political and social history. Professor Black considers the reasons for the growth of the "print culture" and the relations of newspapers to magazines and pamphlets; the mechanics of circulation; and chronological developments.

Extensively illustrated with quotations from newspapers of the time, the book is a lively as well as original and informative treatment of a topic that must remain of first importance for the literate historian.
