Charles John Huffam Dickens (1812–1870) was an English writer and social critic. He created some of the world's best-known fictional characters and is regarded as the greatest novelist of the Victorian era. His works enjoyed unprecedented popularity during his lifetime, and by the twentieth century, critics and scholars had recognised him as a literary genius. His novels and short stories enjoy lasting popularity.

Born in Portsmouth, Dickens left school to work in a factory when his father was incarcerated in a debtors' prison. Despite his lack of formal education, he edited a weekly journal for 20 years, wrote 15 novels, five novellas, hundreds of short stories and non-fiction articles, lectured and performed extensively, was an indefatigable letter writer, and campaigned vigorously for children's rights, education, and other social reforms.

Dickens's literary success began with the 1836 serial publication of The Pickwick Papers. Within a few years he had become an international literary celebrity, famous for his humour, satire, and keen observation of character and society. His novels, most published in monthly or weekly instalments, pioneered the serial publication of narrative fiction, which became the dominant Victorian mode for novel publication.
The instalment format allowed Dickens to evaluate his audience's reaction, and he often modified his plot and character development based on such feedback.

Dickens was regarded as the literary colossus of his age. "Oliver Twist" and "Great Expectations" are frequently adapted, and, like many of his novels, evoke images of early Victorian London. His 1859 novel, "A Tale of Two Cities", set in London and Paris, is his best-known work of historical fiction.
Dickens's creative genius has been praised by fellow writers — from Leo Tolstoy to George Orwell and G. K. Chesterton — for its realism, comedy, prose style, unique characterisations, and social criticism.

These 9 enthralling novels are must-read of classic literature and will delight readers of all ages.
