ENGAGE. THINK. DEBATE.

Challenge your students to ENGAGE in the conversation and process; THINK about the ideas, history, structure, and function; and DEBATE the merits of American government and politics in the 21st century.

In a storytelling approach that weaves contemporary examples together with historical context, *By the People: Debating American Government* explores the themes and ideas that drive the great debates in American government and politics. It introduces students to big questions like *Who governs? How does our system of government work? What does government do?* and *Who are we?* By challenging students with these questions, the text gets them to think about, engage with, and debate the merits of U.S. government and politics.
