The Wizards of Consciousness: Making the Imponderable Practical Lynda Madden Dahl
What if consciousness is not a byproduct of matter, but the force behind and within all matter, nature, events and physically materialized life of every sort? What if creation is directed by the thoughts, feelings and imaginings of consciousness? And what if we are consciousness? Lynda Madden Dahl, award-winning author, takes us on an exploration of consciousness from the inside out. Using the Seth material by Jane Roberts as her basis, she explains how and why consciousness creates physical reality. And, as usual in her books, Dahl consistently brings us back to the practical aspects of creation, and what they mean to a fulfilling, abundant life. . . . .
