Why Men Pull Away (Relationships Book 1) Michael Finlayson
Have you ever wondered why men pull away? And more importantly, have you ever wondered why men pull away when the relationship seems to be going so well?

Has it happened to you? One moment everything is going fine, you're happy, he seems to be happy, you might even be wondering if he's the one. And then BANG, he suddenly discovers the need to go off and find himself. That leaves you wondering just what's happened? You feel hurt, confused, angry, you're not even sure if you still have a relationship, and you need answers!

The weird, crazy, inexplicably bizarre thing is that just because he's pulled away it doesn't mean that he doesn't care for you, or that he doesn't worship the ground that you walk on. It's just that he finds certain things threatening and so he needs to run away to try to understand everything.

If your man is the one for you then you need to learn to understand him. You need to learn what motivates him and what scares him. Once you understand him you should be able to create a relationship where he doesn't feel threatened. If he doesn't feel threatened then he will be less likely to pull away which should result in the two of you having more time to develop your relationship.

This book will set on the path to understanding your man and hopefully building a long and happy future together. Good Luck.
