Exploring Creation with Zoology 1: Flying Creatures of the Fifth Day -- Young Explorers Series (Young Explorer (Apologia Educational Ministries)) Jeannie Fulbright
Children begin exploring the dynamics of flight and animal classification, learning why the design we see in these incredible creatures points us to our Creator God. Your kids will learn how to attract various bird species to your yard and identify them by looking at their special physical characteristics, nests, and domestic practices. Students will also explore the world of bats, while exposing the misconceptions that most people have regarding these docile creatures of the night. They will then learn to scientifically classify insects with a simple glance at wings and other physical characteristics. In addition to designing experiments with flies, crickets, darkling moths, and caterpillars, kids will also learn how to attract and catch insects for scientific study. Your children will become true scientists, observing nature and the fascinating world God created.
