Enjoying Web Development with Wicket (4th edition) Kent Ka Iok Tong
If you'd like to create web-based applications easily, then this book is for you. More importantly, it shows you how to do that with joy and feel good about your own work! You don't need to know servlet or JSP while your productivity will be much higher than using servlet or JSP directly. This is possible because we're going to use a library called Wicket that makes complicated stuff simple and elegant.

Sample chapters are available on the book website at books.ttdev.com. This book covers Wicket 7.0 and 6.x.

This book will quickly walk you through real world use cases to show you how to use Wicket. The manuscript of book has been used to train up a team of programmers who had not used Java or written any program at all. The training took only a few months (six hours per week). Now they are developing a core application for their organization using Wicket, Spring and Hibernate.

From reader reviews:

Valerie Wright:

Why? Because this Enjoying Web Development with Wicket (4th edition) is an unordinary book that the inside of the e-book waiting for you to snap the idea but latter it will zap you with the secret that inside. Reading this book beside it was fantastic author who have write the book in such wonderful way makes the content inside easier to understand, entertaining approach but still convey the meaning totally. So , it is good for you for not hesitating having this nowadays or you going to regret it. This amazing book will give you a lot of positive aspects than the other book possess such as help improving your expertise and your critical thinking approach. So , still want to hesitate having that book? If I have been you I will go to the book store hurriedly.

Virginia Dunn:

Many people spending their time frame by playing outside along with friends, fun activity using family or just watching TV the whole day. You can have new activity to enjoy your whole day by reading through a book. Ugh, you think reading a book can actually hard because you have to accept the book everywhere? It ok you can have the e-book, delivering everywhere you want in your Smartphone. Like Enjoying Web Development with Wicket (4th edition) which is keeping the e-book version. So , why not try out this book? Let's observe.

William Ward:

Is it you actually who having spare time then spend it whole day by simply watching television programs or just lying on the bed? Do you need something totally new? This Enjoying Web Development with Wicket (4th edition) can be the respond to, oh how comes? The new book you know. You are and so out of date, spending your free time by reading in this brand-new era is common not a geek activity. So what these ebooks have than the others?

Maryann Warren:

What is your hobby? Have you heard that will question when you got college students? We believe that that question was given by teacher for their students. Many kinds of hobby, Every individual has different hobby. Therefore you know that little person such as reading or as reading through become their hobby. You have to know that reading is very important along with book as to be the matter. Book is important thing to increase you knowledge, except your own personal teacher or lecturer. You find good news or update concerning something by book. Different categories of books that can you decide to try be your object. One of them is niagra Enjoying Web Development with Wicket (4th edition).
