The more than 1,000 headline stories used in this book presents a capsulized view of the major events of the day in news, pop-culture, sports, music and weather. It includes stories of all sorts that made history - presented in easy to read headline form. What were the big stories of the day, every day? The "Timeline Memories" book covers 366 days and can be used in a leap year. There are no days of the week mentioned so the book can be used as a permanent record for each year without being dated. I designed the book so that you can have the flexibility of adapting it to whatever year you use it. It is a perpetual record of major events throughout history.
