BOOK #1: Alone in the Wild: The Latest Survival and Life-Saving Skills to Stay Alive in the Wild

Our ancestors used to rule the wilderness, but as the time passes, collective knowledge of surviving in the wilderness along with being self-sufficient slowly fades. With desire to remember the old survival techniques and throw in some new skills for surviving alone in the wilderness, we have gathered useful information on how to survive in the wild, how to search for food in case your stash runs out, also answering the question of finding drinkable source of water and much more in our Survival and Life-Saving guide for Surviving in the Wilderness Alone. Along with useful tips on the subjects we have already mentioned, you will find the best and the easiest tricks on how to start a fire, how to plan out your wilderness adventure and how to survive being in wilderness even if you end up all alone with nothing and no one around to help you.

In our Alone in the Wilderness guide you will find answers to:

- How to plan your wilderness adventure
- What to bring along with you – the list of goods and necessary equipment
- How to use and maintain your equipment
- Food sources: what food to bring along and how to find reliable food sources
- How to survive by yourself
- How to build a fire
- How to avoid getting lost
