Learn how to be awesome at marriage, romance your wife and make her happy by doing things that matter.

It is no secret that men aren't the most romantic, thoughtful, attentive, and understanding creatures on earth. After the hunt (the pursuit of the female partner), the men of today's world turn to a sedentary, comfortable, and often egocentric life style. They think - love wise - their work is done. When the honeymoon phase is over and monotony kicks in, fresh marriages struggle. Women often begin to feel like their husband has lost interest and begin to long after affection.
The truth is, our wives are really not asking for much. Us men just like to be stubborn at times, stand our ground, and yes, we do flip flop back and forth between being caring and then go back again to not paying attention. While surely some will always remain a lost cause aka. a "deadbeat" husband, most simply lack the knowledge plus tips & tricks to let their marriage fully bloom again.
