A Haunting of the Bones: A Bell Elkins Novella (Bell Elkins Novels) Julia Keller

From Pulitzer Prize-winning author Julia Keller comes A HAUNTING OF THE BONES, another suspsenseful and provocative story that will keep readers up all night...
Bell Elkins, prosecuting attorney for Raythune C1ounty, West Virginia, had always believed what she'd been told: Her mother abandoned the family when Bell and her sister, Shirley, were children. Later, Teresa Dolan died somewhere out West.

And then comes a shattering discovery.

During an excavation in a remote area of the county, a skeleton is found. DNA testing proves it is related to DNA already on file: that of a convicted felon named Shirley Dolan. Along with the age and approximate time of death, the DNA link leads to a chilling conclusion: These are the remains of Bell's mother, Teresa Dolan. She didn't run away. She was here all along. And further examination reveals that she was a homicide victim.

Bell automatically pins the blame on her late father, Donnie Dolan. But evidence emerges that it could not have been him. And so Bell must solve the most agonizingly personal case of her career: Who murdered her mother?
