RV Buyer's Survival Guide Edition III Bob Randall
The all new THIRD Edition of the RV Buyers Survival guide. Edition 1 sold out over 10,000 copies in just 18 months and helped thousands of RVers save big on inflated asking prices. The two or so hours of reading will enlighten you to the ins and outs of the RV Buying process. A process who's "insider secrets" have been closely guarded until now. You'll build your confidence by understanding both how to properly shop for an RV, how to negotiate by being able to calculate the dealers actual cost factors, and how to control the sales process. Armed with this information you'll be able to join Bob's swelling ranks of readers who have saved thousands of dollars on their purchases. Many happy readers have said that the "RV Buyers Survival Guide" was the best investment they made in owning an RV. In his book, " The RV Buyers Survival Guide" How to survive and profit through the buying experience - Bob Randall tells all. He shares the knowledge of his 25+ years as both a RV manufacturer and RV dealer to show you how to make the right choices and pay a fair price- NOT what is being asked. Bob uses an easy to follow step by step funnel approach to help you sift through the 100's of choices out there. He shows you how to control the sales process in a manner which allows you to come out the winner every time and not get taken for a financial ride. Whether you are brand new to RVing or just moving up to something else, you can't afford to not know what he shares in this guide. Many dealers have referred to this guide as the "Little black book of RV Knowledge" ...Can you really afford to buy without it? My thinking in writing this book was simple, help more people join the great Rv lifestyle without having to go through all the hassles that are part of the normal buying process. It will help you both understand what your looking to buy, how it will fit your needs, and how to get rid of the hype and misinformation that is the RV buying process. After learning how to control the buying process, I'll teach you the tricks of winning the negotiating phase of the purchase. There is NO reason you can't buy ANY RV at a discounted price, if you understand how the system works and know what to expect along the way. Since I wrote the first edition almost two years ago, I've gotten hundreds of thank you letters from readers who followed the system to a happy ending. If I'm guilty of anything, it's of writing in what I call a "All the facts....without the fluff" format ...No pretty pictures...just concise information written to save you hassles and money and get you out there enjoying the great RV lifestyle, not in a showroom fighting a sales person. ~ Bob Randall
