The Tactile Heart: Blindness and Faith

John M. Hull

The Tactile Heart: Blindness and Faith John M. Hull
The Tactile Heart is a collection of theological essays on relating blindness and faith and developing a theology of blindness that makes a constructive contribution to the wider field of disability theology. John Hull looks at key texts in the Christian tradition, such as the Bible, written as a text for sighted people, and at hymns, which often use blindness as a metaphor for ignorance and explores how these can be read by blind people.
