Epiphanies of Darkness: Deconstruction in Theology Charles E. Winquist
Epiphanies of Darkness was published originally in 1986. The Davies group is proud to reissue this revision of a work that is so important a part of the literature of deconstructive theology. Few religious thinkers have the philosophical sophistication of this author. This book is profound in its ability to bring together much of what is deepest and most disturbing in our age with the reality of a theological desire for more. Epiphanies of Darkness represents a searching and courageous appraisal of the state of theological discourse, as well as a powerful intervention into that discourse, with the aim of completely reconstituting what we mean by theology.
