The Bathroom Book of Quotes Mr Parick Mansell
The Bathroom Book of Quotes features the biographies and quotes of forty famous men and women from ancient times up to today. Early thinkers such as Aristotle and Julius Caesar, Renaissance masters such as Michaelangelo and Machievelli, and more modern characters as diverse as Winston Churchill and Frank Zappa. This book was created to introduce an eclectic gathering of the ancient, the artistic, the funny and the serious. What could provide more diversity than a book featuring Thomas Jefferson and Ellen DeGeneres, Teddy Roosevelt, Marilyn Monroe and Dr. Seuss? Each of these personalities have been, or still are famous and popular. Some are entertainers, some are artists, some are pure intellectuals, and some are outright scoundrels. But they all had interesting biographies and they all had insightful or witty quotes. This book can be read in one or forty sittings. There's no beginning and the reader is free to skip around without missing any of the book's important features.
